### Prove It: Creation vs. Evolution

#### **Creation vs. Evolution – Dinosaur Focus**

What killed the dinosaurs? Are the Dino / Birds real? How old are the dinosaurs? We examine the Grand Canyon to see what formed it. I will conclude with a clear presentation of the gospel. This presentation has brought many to Christ. *1 Hour*

#### **Creation vs. Evolution - Human Focus - Newest**

We will examine questions like: Why are we going to Mars to look for life? Is there an “Alien Sea” with life in it on Europa? Did we come from Mars speck which turned into a sea slug and then a fish? The fish then turned into a rodent and eventually became a common ancestor? We examine the most recent human “transitional forms.” 40 min.

#### **Deliberate Deceptions and Incredible Truths - Newest**

Recently Paul Veit was honored to receive a lifetime of research concerning this topic from Dr. Jack Cuozzo’s family. Dr. Cuozzo did groundbreaking original research concerning what evolutionists call Neanderthals. What you will see is not Evolution, but the exact opposite. Using Dr. Cuozzo’s X-Rays we will document the tremendous frauds in the museums and hear the true story of how man has deteriorated, both physically and spiritually, since the Garden.

## **In the Image of God vs. the Image of an Animal?**

*This is very different from any program that I have done so far. It is a moving study of the historical evolutionary attempts to turn man into an animal. It starts with Krao, the so-called ape/woman, shows the Human Zoos of the early 1900's, and ends with the so-called "Master Race" in the fields of Europe during WWII. In contrast, I also show what the "Image of God" people are doing at the same time. The contrast is striking and shows the deeper issues in the Creation vs. Evolution debate. Many have said that this is their favorite program. Due to some semi-mature subject matter, I would not recommend it for below 4<sup>th</sup> grade. 40 min.*

## **Aliens: The Truth! - Newest**

Contrary to what many evolutionists are teaching – Aliens did NOT seed life on the planet. They are NOT the designers of the advanced technology you see in ancient cultures. We will examine what really happened at Roswell and the truth about "alien" encounters. I will place the whole topic within a balanced biblical context and end with a brief summary of real "supernatural" end time events. This generation needs to be discerning concerning truth and fiction!  
40 Min. (This matches well with the Creation vs. Evolution- Human Focus).

These "elongated" skull have gone viral on the internet. Most of the articles say that they had non-human DNA. The expert who was hired to cast these skulls is my paleontological mentor. He made a cast of them for the History Channel and for our ministry. The truth is always almost never found on the internet. We bring the casts and tell the truth about aliens!

## **The Ice Age, Mammoths, and What are Neanderthals?**

We examine the reasons why The Flood is the only event that could have produced a single Ice Age. The real age of Ice Cores, the death of the Mammoths, the Ice Man.

**Paul Veit, Cell 207-310-0815**

Paul preaching at Teen Missions Boot Camp.

## **Prove It: The Bible**

### **Prove It – Is the Bible Really the Supernatural Word of God (I recommend this if you are having me for the first time).**

This presentation examines evidences that prove the Bible really is God’s Word. The message ends with a call to make God’s Word a high priority in your life. We examine: Supernatural Medical Evidences, Supernatural Scientific Evidences and Supernatural Prophetic Evidences.  
*40 minutes Great for a worship service.*

### **Prove It Happened: Sodom and Gomorrah, Jericho, and David and Goliath - Newest**

I take the three most attacked stories and prove they really took place. It ends with a challenge to get into the battle. This has become a favorite of many and is great for morning worship services. *30 min. This has a great application for a worship service.*

### **Prove It Happened: Tower of Babel and Advanced Technology**

This has been expanded into a solo message. We examine the origin of language, common linguistics, the spread of the tower concept, and the spread of false religion, which all point back to the tower. We examine the incredible Pre-Inca technology to show what the people took with them from the tower. Evolution’s insistence on “stupid man” has really led to some ridiculous conclusions. We end with one of those conclusions – Aliens did it? (NO WAY)  
*45 min.*
